

CRYOGENIC LIQUID CYLINDER STAINLESS STEEL SURCHARGE

Raw material costs for cryogenic cylinders change regularly. Although we try to control our manufacturing costs, we pass on surcharges received from our suppliers at cost to our customers. The surcharge calculation is reviewed monthly. When updates are needed, we take a rolling average over the past three months. The surcharge will appear as a separate line item on the invoice.

Surcharge by Model (effective June 1, 2019)

Model	Calculated surcharge
230L LP	\$ 207
180L HP	\$ 167
200L HP	\$ 178
