

## INDUSTRIAL GAS

## SKIDDED PORTABLE INDUSTRIAL TANK

### Skidded Storage For Small-Capacity Users And Installations

Worthington's skidded portable industrial tank provides safe, quality, industrial gas storage for smaller gas users at locations that require smaller installations.

Our experience designing and implementing more than 2,000 liquid vaporization systems, and thousands of storage systems, has taught us the unique demands of your end-users.

- Many sizes and flow rates to meet demands of any application
- In-house expertise and experience in matching the right system to your application
- Flexible financing options to match the ROI you're trying to create for your customer

### Skidded Portable Industrial Tanks: 250-1000 gallons & up to 500 psi

Data table shows a sample of our offering

Gross Capacity (gal)	250	480	650	825
Net Capacity (gal)	234	450	615	780
Standard Pressures (psi)	500	320	320	320
Horizontal/Vertical	Vertical	Horizontal	Horizontal	Horizontal
Width (ft)	4	6	6	6
Depth (ft)	4	10	11	13
Height (ft)	7	7	7	7
Empty Weight (lb)	3,500	4,000	4,500	5,000
Certification	ASME
